“Design-Driven *Tile* Surfaces That
Define Timeless *Luxury*”

About Our Company

Based in Gujarat, Ceramic Fashion Studio (CFS) was conceptualized by Shree Ambica Decoprints Pvt. Ltd., pioneers in 3rd firing surface decoration since 1994.

Drawing on decades of technical expertise and aesthetic insight, CFS was envisioned as a studio where creativity converges with precision manufacturing. By combining advanced European technology, state-of-the-art production facilities, and a fully integrated in-house infrastructure, the brand develops surfaces designed to meet the evolving needs of both Indian and international markets.

Over the years, Ceramic Fashion Studio has established a distinctive presence in the tile and surface industry, recognised for its ability to balance design sophistication with technological excellence and consistent quality.

The brand reflects the vision of its leadership, shaped by extensive industry experience across India and Europe, and guided by a deep understanding of both design sensibility and technical innovation.

Reinventing & Renewing Surfaces

At Ceramic Fashion Studio (CFS), surfaces are continuously reimagined through design, technology, and material innovation. Built on decades of expertise in surface decoration and precision manufacturing, the studio approaches tiles as a dynamic medium that evolves with changing architectural and interior design needs.

Within the Indian design landscape, CFS explores a wide spectrum of **patterns, sizes, colours, and curated moodboards**, drawing inspiration from global design movements while adapting them for contemporary spaces.

Supported by advanced manufacturing systems and integrated production capabilities, each product is developed with careful attention to **material quality, precision, and consistency**. This balance of design exploration and technical expertise allows CFS to create surfaces that enhance both functionality and visual experience.

Through continuous experimentation and development, CFS reinvents surfaces as elements of modern design, shaping materials that bring character, depth, and expression to architectural environments.

Vision

Ceramic Fashion Studio (CFS) exists to elevate surfaces into objects of desire, where design transcends function and becomes a signature of luxury.

We serve discerning architects, visionary designers, and creators of refined spaces who demand distinction in every detail. Blending advanced technology with masterful craftsmanship and an instinct for global elegance, we curate exceptional surfaces that shape iconic interiors. With uncompromising precision, integrity, and innovation at our core, we craft surfaces that do not simply adorn spaces they define prestige, permanence, and architectural excellence.

**“Changing
the Times
requires the
ability to
Time the
Changes.”**

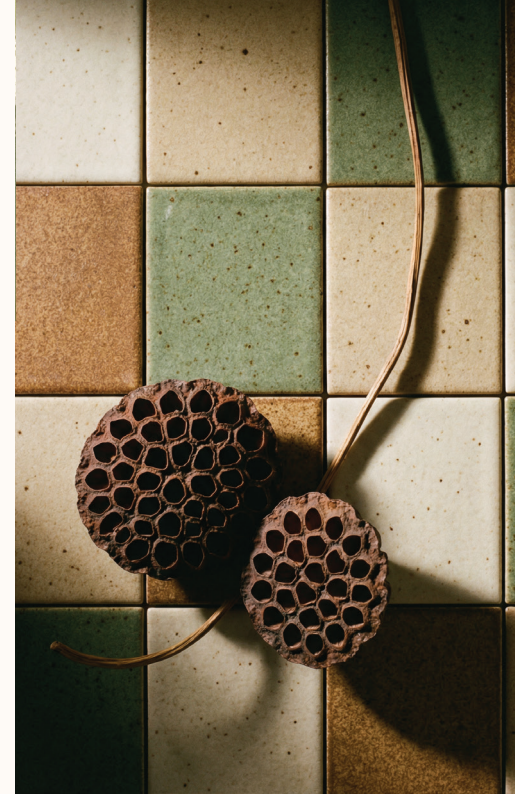

Mission

To become a globally admired name in ceramic surface design, distinguished by artistry, precision, and technological mastery.

We envision shaping refined architectural environments through exceptional wall and floor expressions that embody elegance, durability, and timeless appeal.

By continuously advancing design and technology, we aspire to shape the future of ceramic artistry, crafting surfaces that reflect refined living while cultivating enduring trust and meaningful relationships across domestic and international markets worldwide.

Core Values That Define Us

Fearless Innovation

We continually explore advanced technologies and creative techniques to craft distinctive, future-forward ceramic expressions.

Through refined craftsmanship and progressive design thinking, we influence contemporary ceramic aesthetics with confidence and originality.

Responsible Creativity

Sustainable processes and conscious production methods guide us in crafting refined surfaces with thoughtful environmental responsibility.

Uncompromising Quality

Meticulous printing precision and material mastery ensure every surface carries depth, clarity, and lasting visual distinction.

Manufacturing & Infrastructure

Registered in Gujarat, Ceramic Fashion Studio (CFS) was conceptualized by Shree Ambica Decoprints Pvt. Ltd., pioneers in 3rd firing surface decoration since 1994. Built on decades of technical expertise and craftsmanship, CFS delivers high-quality surfaces across the Indian subcontinent and global markets.

Rooted in Indian design and inspired by global aesthetics, CFS explores diverse patterns, sizes, colours, and design moodboards, creating collections that balance creativity, functionality, and contemporary design.

Supported by advanced European technology, state-of-the-art manufacturing facilities, and integrated in-house infrastructure, the brand upholds exceptional standards of precision, quality, and innovation.

By blending Indian craftsmanship with global design sensibilities, Ceramic Fashion Studio has established a distinctive identity creating surfaces defined by elegance, refinement, and modern aesthetics.

Today, CFS represents high-end surface solutions that bring together techno-aesthetic innovation, global inspiration, and uncompromising quality standards.

Spaces, Reimagined

Ceramic Fashion Studio is built on a strong foundation of quality, precision, and innovation, with rigorous system-oriented checks across raw materials, production, and pre-dispatch ensuring the highest standards.

Technically trained professionals oversee every stage of manufacturing, maintaining strict process control for consistent quality and finish.

This disciplined approach has earned CFS recognition for delivering innovative products with reliable and consistent quality.

Crafted in Detail

Ceramic Fashion Studio continues to strengthen its presence through strategic marketing, sales, and promotional initiatives, supported by a strong network of distributors, dealers, and retailers. With a focus on evolving trends, CFS consistently introduces innovative products shaped by market insights and customer needs.

The brand actively engages through exhibitions, print media, catalogues, sponsorships, and other initiatives, ensuring strong visibility and a consistent market presence.
